

Job Opportunities

The National Center for Disease Prevention and Control (NCDC) announces the existence of career opportunities for graduates of the Custodian of the Two Holy Mosques Scholarship program in the **U.K.** and holders of a bachelor's, master's or doctorate's degree or fellowships in specialties related to Public Health fields as follows:

- Preventive Medicine / Infectious and Non-Communicable Diseases
- Public Health / Population Health / Community Health / International Health
- Epidemiology / Biostatistics
- Environmental Health / Occupational Health / Occupational Safety / Chemical Safety / Biosafety / Radiological Safety / Toxicology
- Health Informatics
- Health Promotion and Communication / Health Education / Behavioral and Social Health / Nutrition
- Health Policy / Health Management / Health Economics
- Medical Emergency / Emergency Preparedness and Response / Health Evaluation / Infection Control
- Veterinary Medicine and Vector-Borne Diseases
- Data Science / Data Analysis / Artificial Intelligence

About NCDC:

The NCDC is working to contribute to the reduction and monitoring of infectious and non-communicable diseases, to monitor and prevent their spread, as well as to promote health, research and studies in this area.

Interested candidates should send their cover letters and CVs (PDF file) with their indicated area of interest to:

NCDC-HR@moh.gov.sa

All applications will be reviewed against the recruitment profile developed for these positions. Please note that only candidates retained for assessment (presentation and interview) will be contacted further.

In the event that your candidature is retained for the assessment phase of the process, a member of our Human Resources Management Department will contact you in due course.

We thank you for your interest in the **NCDC**.
