To: rzaini2@my.shu.ac.uk

22 March 2013 12:53

Dear Dr. Rana Ghazi Zaini,

On behalf of the Congress Organization Committee, we would like to thank you for participating and submitting abstract for the "**4th International Congress on Leukemia-Lymphoma-Myeloma**" which will be held on 22-25 May 2013, in Istanbul, Turkey.

Your abstract has been reviewed by the Scientific Committee. Please find the result below.

Poster No: **P - 071**

Abstract ID No: **0193**

Abstract Title: **Synergistic intraction with Falcarinol on human lymphoid leukaemia cell lines and increase the expression of cytochrome C, Bax and SMAC/ Diablo**

Result: **Accepted**

Accepted Presentation Mode: **POSTER (There will be only poster presentation in the congress)**

Poster Hang-up Date: **22 May 2013**

Poster Take-off Date: **25 May 2013**

Poster sizes should not exceed 70 cm wide and 90 cm height. Double-sided tape for mounting the posters will be available. Please indicate the title, name(s) of author(s), institutional address(es) of author(s). The title should be written in capital letters of 2,5 cm. Posters should be placed on the allocated area at the first day of the congress.

The official language of the congress is English so that you must prepare all your presentation documents in English.

We are grateful for your interest in **4th International Congress on Leukemia-Lymphoma-Myeloma** and look forward to seeing you in Istanbul.

Best Regards,

Turkish Society of Hematology  
Congress Organizing Committee

**Your abstract - 2011 NCRI Cancer Conference**

Kirsty Lyons <Kirsty.Lyons@ncri.org.uk>  
To: "rzaini2@my.shu.ac.uk" <rzaini2@my.shu.ac.uk>

26 September 2011 15:08

**Dear Mrs. Zaini,**

Thank you for submitting your abstract to the 2011 NCRI Cancer Conference.

Abstract title: Bioactive chemicals from carrots (*Daucus carota*), polyacetylenes and B-carotene for the treatment of lymphoid leukaemia

Reference: 536

After careful consideration by the Programme Committee we can confirm that your abstract has been accepted for inclusion in a poster session only at the 2011 NCRI Cancer Conference.

**Poster presentation details**

Poster session: B (Tuesday 8 November, 12.30 – 14.00)

Poster number: LB102

Your poster should be in a portrait orientation and should be size A0 so it fits on the poster board. Velcro dots will be provided onsite at each poster board for hanging posters. Further guidelines, including poster session dates and times can be found on our website:

[http://www.ncri.org.uk/ncriconference/abstract/presentation\\_guidelines.asp](http://www.ncri.org.uk/ncriconference/abstract/presentation_guidelines.asp)**Please note:**

During the poster session you may be approached by Stefania Maci, a PhD student of Applied Linguistics at Lancaster University, who is conducting research on the way in which medical discourse (verbal and visual) is organised in medical poster presentations. You are under no obligation to participate in her research should you not wish to do so.

## Bioactive chemicals from carrot (*Daucus carota*) juice extracts for the treatment of leukaemia

Zaini, R<sup>1</sup>, Clench, MR<sup>1</sup>, and Le Maitre, CL<sup>1</sup>.

<sup>1</sup>Sheffield Hallam University, Sheffield, UK

**Background:** Overwhelming evidence indicates that the consumption of fruits and vegetables with strong antioxidant properties correlate with reduced risk of a number of cancers include leukaemia. Carrots contain beneficial agents including beta-carotene and polyacetylene, which could be effective in the treatment of leukaemia. This study investigated the effect of organic carrot juice extracts (CJE) on four myeloid, four lymphoid together with non-tumour haematopoietic stem cells (HSC).

**Methods:** Annexin V and Propidium Iodide (PI) staining followed by flow cytometric analysis and DAPI (4'-6-Diamidino-2-phenylindole) morphological analysis used to investigate the induction of apoptosis. Moreover, PI cell cycle analysis and cell counts used to investigate the inhibition of cell proliferation.

**Results:** This study, demonstrated that treatment of leukaemia cell lines with CJE showed a decrease in the number of live cells and an increase in both apoptotic and necrotic cells in a dose responsive manner with significant decrease in cell number with increasing concentration of carrot juice especially following 72 hour treatments. We demonstrated that the lymphoid cell lines were affected to a greater extent than myeloid leukaemia cell lines. Additionally, the non-tumour haematopoietic stem cells were less sensitive to CJE treatment than the majority of the leukaemia cell lines.

**Conclusion:** This study has shown that extracts from carrots can induce cell death and cause cell cycle arrest in leukaemia cell lines which suggests carrots could be an excellent source of bioactive chemicals which could be used in the treatment and or prevention of leukaemia.

Dear Mrs. Zaini,

Thank you for submitting your abstract to the 2012 NCRI Cancer Conference.

Abstract title: Synergistic action of Falcarninol on induction of apoptosis on human lymphoid leukaemia cell lines

Reference: 255

After careful consideration by the Programme Committee we are pleased to inform you that your abstract has been **accepted for inclusion in a poster session** at the 2012 NCRI Cancer Conference.

You will be informed of your poster number and poster session, and oral presentation session, by email in mid-September after late breaking abstract submission closes. Poster and oral sessions will be arranged for **Monday 5 and Tuesday 6 November** so please make sure you are able to attend the NCRI Cancer Conference on both of these dates. Guidelines for poster presentations are available on the conference website:  
[http://www.ncri.org.uk/ncriconference/abstract/presentation\\_guidelines.asp](http://www.ncri.org.uk/ncriconference/abstract/presentation_guidelines.asp). Please note that posters must be put up by 08.30 on the day of your poster session and remain on your poster board until 17.40.

If you selected to be considered for any abstract prizes (except the NCRI Prize) during abstract submission you will be notified if you have been successful by **Friday 27 July**. If you wish to apply for the NCRI Prize Award please complete this application form:  
[http://www.ncri.org.uk/ncriconference/abstract/NCRIPrize\\_application2012.doc](http://www.ncri.org.uk/ncriconference/abstract/NCRIPrize_application2012.doc). The closing date for all applications is 5pm (UK time) **Wednesday 1 August**.

As this abstract has already been reviewed and included in the Poster Abstracts book please forward any requests to make amendments to [ncriconference@ncri.org.uk](mailto:ncriconference@ncri.org.uk).

Madam, Sirs,

On behalf of scientific committee of Paris Polyphenols 2012, we are pleased to inform you that the three following abstracts can be accepted for poster presentations:

- POLYPHENOLS INHIBIT CELL PROLIFERATION AND INDUCE THE APOPTOSIS IN HUMAN MEYLOID AND LYMHOID LEUKEMIA
- SYNERGISTIC ACTION OF FALCARINOL ON INDUCTION OF APOPTOSIS ON HUMAN LYMPHOID LEUKAEMIA CELL LINE
- IMPACT OF ANTHOCYANIN CHEMICAL STRUCTURE FOUND IN POMEGRANATE JUICE ON LEUKAEMIA TREATMENT

However, we attract your attention that you your abstract will be definitively accepted only when we will receive your three registrations and that the payment will be done (one by poster).

Please make online registration with credit card to validate your registration.

You can also complete the form attached and send it by fax before Friday, May 18.

Best regards,

Anne-Sophie Mailfert

Dear Mrs Zaini

**Re: Path Soc Summer Meeting, Sheffield, 3-5 July 2012**

**Venue:** University of Sheffield, Octagon Centre, Western Bank, Sheffield S10 2TQ

I am pleased to inform you that your abstract entitled "*Synergistic Action of Falcarnin on Induction of Apoptosis on Human Lymphoid Leukaemia Cell Lines*" has been selected for POSTER PRESENTATION in the "*Experimental Tumour Path*" category and has been allocated programme number: **P68**. NB - This will differ from the number allocated to your abstract upon submission (shown in Subject line of this e-mail message).

**POSTER SIZE:** Posters must not exceed 85cm width x 85cm height. Please ensure that you poster does not exceed these dimensions. Velcro will be supplied.

**POSTER PREPARATION & PRINTING.** We have negotiated a deal with Scienceposters.co.uk for the optional design and printing of posters. For further info see the attached document.

**POSTER PRIZES:** Poster round chairs will be circulating to select the winners of the Sir Alastair Currie Poster Prize and 2nd and 3rd prizes.

**YOUR POSTER PRESENTATION**

**DATE:** *Poster Presentations - Wednesday 04/07/2012*

**TIME:** 2:00:00 PM - 3:00:00 PM \*\*\*

\*\*\*Presenters must be present to discuss their poster during this time to be eligible for their abstract to be published in the Journal of Pathology on-line supplement.

**VENUE:** "*The Octagon Centre*"

**POSTER REMOVAL DEADLINE:** Posters must be removed by 16.00 on Thursday 5 July.

**REGISTRATION:** Please register in advance of the Meeting (Registration fees will increase on after 4 June).

**TRAVEL AND HOTEL ACCOMMODATION.** For information see our website

**FULL PROGRAMME:** Will be published on our web-site within the next 2-3 weeks. Hard copies will be provided to Registered Delegates only on arrival at the Registration Desk in Sheffield.

If you are not the presenting author, please forward this information to the relevant individual.

**IMPORTANT:** If you are unable to present your abstract please notify the Path Society Administrator as soon as possible, and ensure that a co-author can take your place. Absence without advance notice can cause considerable difficulty.

Regards  
Professor Ian Ellis, Meetings Secretary  
Pathological Society  
2 Carlton House Terrace  
London

Rana Zaini  
Biomedical Research Center  
SHEFFIELD S1 1WB  
UK

Dear Mr./Ms./Dr./Prof. Zaini,

We are pleased to contact you on behalf of Dr. Cristina Andrés-Lacueva and as the Technical Secretariat for the 5<sup>th</sup> International Conference on Polyphenols and Health which will be held in Sitges, Barcelona from October 17<sup>th</sup> - 20<sup>th</sup>, 2011.

The purpose of this e-mail is to provide you with further information about your POSTER PRESENTATION .

Conference Papers

Paper Details	
Title:	Bioactive chemicals from carrots (Daucus carota), polyacetylenes and B-carotene for the treatment of lymphoid leukaemia
Paper Reference:	P521
Paper Status:	

Accepted as a Poster

Theme:

CANCER

POSTER AREA will be located per topics as follows:

Level 0, Auditorium hall  
Bioavailability & Microbiota

Level -1, Tramuntana room area  
Functional Foods & Ingredients

Level -1, Hallway from Tramuntana area to Garbi room  
Intake & Biomarkers  
Methodologies & OMICS  
Obesity & Diabetes  
CVD

Level -1, Garbi room  
Epidemiology & Health  
Olive Oil  
Neuroscience  
Mechanisms of Action  
Cancer

Poster sessions will be held from 06.00pm to 07.00pm on:

Tuesday October, 18th for the following topics:

CVD  
Microbiota  
Functional Food & Ingredients  
Obesity & Diabetes  
Mechanisms of action

Wednesday October, 19th for the following topics:

Bioavailability  
Methodologies & OMICS  
Olive Oil  
Cancer  
Neuroscience  
Epidemiology & Public Health

The presenting authors should be beside their posters in order to attend any questions of attendees viewing them.

Poster specifications:

- Size: Maximum size height 120 cm x width 90 cm
- The design of your poster and the content is up to you.
- The poster should be printed by the presenter/author.

How to proceed to hang up your poster:

1. You should contact the Registration Area in order to pick-up your documentation.
2. You should go to the corresponding poster area as mentioned above where the numbered panels and material will be available to hang up your poster.
