Dear Dr Abaalkhail

**Ibrahim Alghamdi**

I am writing to inform you that the above Saudi Arabian student won the prize for best poster by a first year PhD student at a recent student event held for full and part time doctoral students at the Glasgow School for Business and Society. This was a great achievement so early in Ibrahim's doctoral journey, and I am pleased to report that he has continued to make good progress on his study into leadership in the Saudi Arabian public sector.

Yours sincerely
