Re - Abdullah Alzahrani

This letter is to confirm that, during his final year of study on the Master of Pharmacy (MPharm) degree, Abdullah Alzahrani was part of the team that was awarded the highest mark (82.5%) for the best group seminar in the 'Industrial Pharmaceutical Science' module during the 2012-13 academic year.

Abdullah's role within the team was to explain the toxicology of their non-steroidal anti-inflammatory drug, ibuprofen.
