UNITED KINGDOM

Dear Mrs ALGHAMDI,

We are pleased to invite you to attend the Alzheimer's Association International Conference on Alzheimer's Disease 2011 (AAICAD), July 16-21, 2011 at the Porte de Versailles Convention Center, Paris France. We welcome your participation in this important event, and greatly value your support.

As a part of the Alzheimer's Association research program, the AAICAD serves as a catalyst for generating new knowledge about dementia and fostering a vital, collegial research community. This meeting will bring together thousands of researchers, physicians and care providers from 61 countries – the largest group of international leaders in Alzheimer research and care convened. Additionally, AAICAD provides our international participating colleagues an opportunity unparalleled for its networking with prospective business partners, as well as to maintain a current awareness of the issues and opportunities facing firms in our industry worldwide.

Visitors of a foreign country seeking to attend or participate in AAICAD may require appropriate documents to enter Paris France. The type of documentation required depends on the purpose of the visit, and from which country you reside. For an overview and more information on obtaining a visa, visa policy and procedures, please visit the government's international travel website [www.travel.state.gov/travel/travel\\_1744.html](http://www.travel.state.gov/travel/travel_1744.html) also, consult with the Consular Officer at your embassy or consulate who decides what kind of visa you need when you apply.

While we have no influence or role in the Visa process, we do want you to be aware of potential delays in the process should you need to update your Visa? Due to potential lags in Visa processing in some countries, please apply two months prior to your departure.

For updated information about the conference, please visit our website [www.alz.org/icad/overview.asp](http://www.alz.org/icad/overview.asp)

We look forward to your participation at AAICAD.

Sincerely,

William Thies  
Chief Medical and Scientific Officer  
Alzheimer's Association
