Re: Silver Student Sponsorship

Dear Saeed

Dear Saeed,

On behalf of Primerdesign Ltd I would like to take this opportunity to inform you have been successful in winning one of our Silver level sponsorships for 2015. Your project was selected as being of solid scientific merit and so your Silver sponsorship entitles you to a discount of 30% off Primerdesign kits and reagents and you will receive the support of your local representative, Alison who will be on hand to ensure you are achieving the best QPCR results from our products.

As you were also awarded a Silver level sponsorship last year (2014), you are familiar with the benefits and how to contact your local representative, Alison. Dr Alison Davis is an experienced scientist and qPCR expert who is happy to help you get started and can arrange for you to receive a free starter pack of our PrecisionPLUS MasterMix to use in your research.

Finally, if there is anything else I can help you with please do not hesitate to contact myself or your local rep.

With kindest wishes,

Joseph Rogers
Student Sponsorship Coordinator
On behalf of ;

To whom it may concern,

This is to state that Saeed Kabrah, a student at UWE has been successfully awarded a Primerdesign Ltd Silver Level Student Sponsorship for the 2nd year in a row (2014-2015 & 2015-2016) which entitles him to discounts and other benefits to encourage and promote good research.

Primerdesign Ltd is a dedicated, expert Real-Time PCR company founded by researchers and so are committed to encouraging great Real-Time PCR based research and adherence to the MIQE guidelines.

Yours faithfully,
Joseph Rogers
