E-Learn -- World Conference on E-Learning in Corporate, Government, Healthcare, & Higher Education, is sponsored by the Association for the Advancement of Computing in Education (AACE). AACE is a non-profit, international organization whose purpose is to advance the knowledge and quality of learning and teaching at all levels through the encouragement of scholarly inquiry related to information technology in education and e-learning as well as the exchange of research results, developments, and their applications through publications and conferences for its members. This annual conference serves as a multi-disciplinary forum for the exchange of information on research, development, and applications of all topics related to e-Learning in the Corporate, Government, Healthcare, and Higher Education sectors. Participation in E-Learn included the Keynote, Invited Speaker, Paper, Panel, Poster, and Corporate Demo Sessions of this international forum. All presentation proposals are reviewed and selected by a respected international Program Committee, based on merit and the perceived value for attendees. If any further information is required, please contact the AACE office.
