

**Letter Date: November 2015**

**Re: Presentation and attendance at IPCD 2015, hosted by Heriot Watt University, Dubai Campus**

**Delegate: Hetaf Alammar**

This is to confirm that Hetaf Alammar (named above) presented her paper entitled: *A Systematic review of Behavioural Interventions for Sleep Problems in Children with Neuro-developmental Disorders* as part of the International Psychology Conference Dubai, 30-31<sup>st</sup> October 2015. An abstract of the paper along with the author details has been included in the conference proceedings.

IPCD is an annual professional psychology event (now in its third year) which aims to provide a knowledge sharing opportunity for practicing psychologists across the region. We have invited researchers and practitioners to present their work, participate in workshops and forums as well as engage in networking with other relevant professionals. IPCD is now one of the largest professional psychology events in the GCC region.

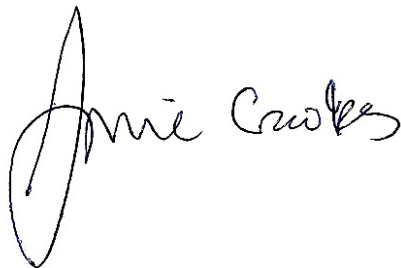

The event committee comprises psychology academics and professionals from several leading organizations in Dubai. Details of the IPCD event aims, agenda and organizing team can be found on our website: [www.psych-me.com](http://www.psych-me.com)

Heriot Watt University is based in Scotland, UK and is rated among the top universities in Great Britain. The Dubai Campus was established in 2005 to provide British accredited programmes, fully licensed by the Dubai Knowledge and Human Development Authority. The campus is located in Dubai International Academic City.

For further information about Heriot Watt University's Dubai campus please visit [www.hw.ac.uk/dubaicampus](http://www.hw.ac.uk/dubaicampus).

For any queries regarding this letter of invitation please email Dr Annie Crookes.

Sincerely,

A handwritten signature in black ink that reads "Annie Crookes". The signature is written in a cursive style with a large, looped initial 'A'.
