Photon 2018
3-6 September 2018 (Registration on 2 September 2018)
Aston University,
Birmingham, UK
photon.org.uk

Dear Kheir Albarkaty,

Photon 2018 is the major Optics and Photonics conference organised by the Institute of Physics in the UK and the ninth in the biennial series that started in 2002. Photon 2018 will be held at Aston University, Birmingham, UK from 3-6 September 2018.

Over four days, Photon participants will have the opportunity to visit exhibitions on the latest in optics and photonics technology, attend lectures from experts in the field, and get up to date with cutting-edge research.

The programme will consist of plenary and invited talks, as well as contributed presentations and posters.

We are pleased to confirm that your abstract titled 'Structure and Optical Properties of Er³⁺-doped gallium lanthanum sulfide (GLS) Thin Films Prepared by Femtosecond Pulsed Laser Deposition' has been accepted for a poster presentation. You are responsible for any travel and accommodation costs. Further details about the conference are available online at photon.org.uk

We trust that this letter will be acceptable to the authorities as confirmation of the event details and your participation.

Yours sincerely,

Institute of Physics
