To whom it may concern,

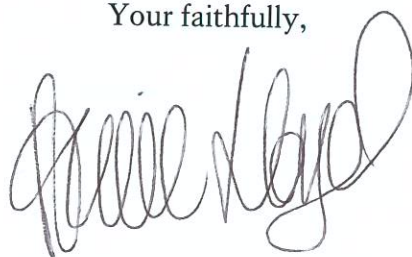

RE: Saleh Alessy, Global Research Grant

This is to confirm that the above named student of King's College London has been awarded a Global Research Grant of £1,883.00 to support his visit to the National Cancer Institute in Washington, USA.

The Grant supports postgraduate students, as well as postdoctoral researchers, to undertake a short period of research that also helps to sustain and develop King's partnerships with international university partners.

Please do not hesitate to contact me should you require any further information.

Your faithfully,

Annie Lloyd
